ENCOURAGED by the rapid development of our mail order business, we are constantly striving to better the reasons for its success.

Our policy is to offer not only a wide selection of standard stocks but to re-introduce many valuable items that have been unobtainable since Quarantine 37 went into effect. This has been accomplished by exhaustive experiments carried on at our different farms and by confining our offerings to such items as have demonstrated their value.

We are actual growers of most of the stocks listed herein and can offer them with the confidence that comes only with the first hand knowledge thus gained.

OUR TERMS ARE WELL KNOWN TO OUR REGULAR TRADE

We repeat them for new customers

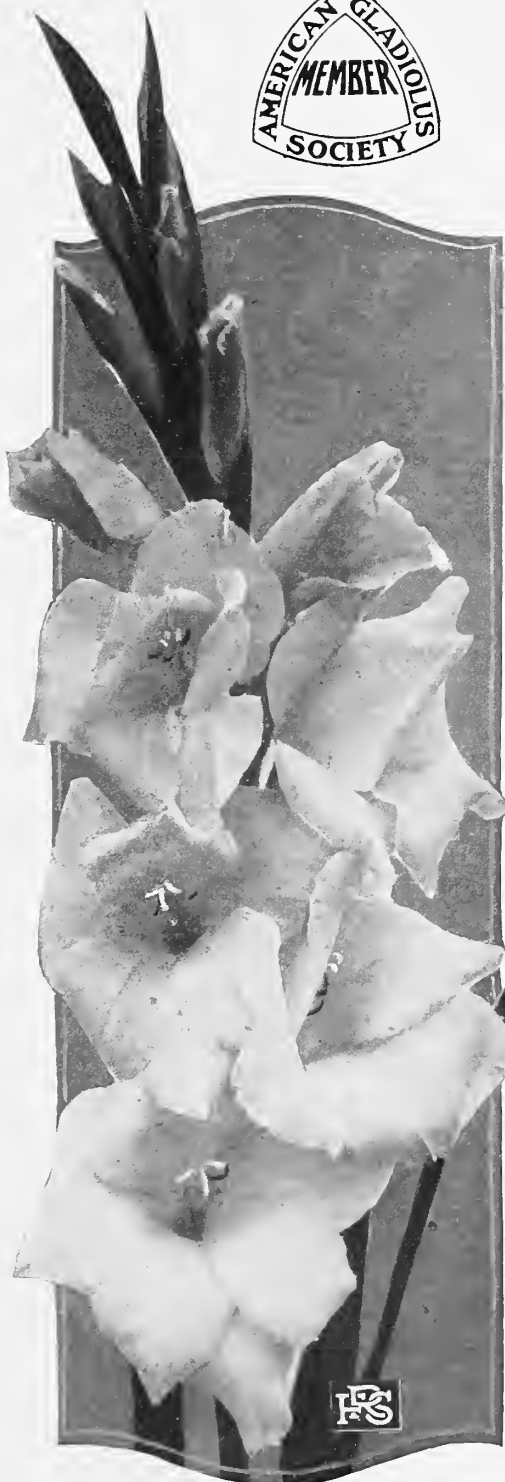

All items offered in this catalogue are f. o. b., New York, packing extra. We sell six bulbs or more at dozen rate, 25 at 100 rate and 250 at 1000 rate. Payment, unless specially arranged for, 2% in 10 days, net 60 days, or less 5% for cash with order. Deliveries subject to prior sale, crop conditions and/or other causes beyond our control. While we exercise the greatest care and precaution to supply only such stocks as will, in our opinion, produce the finest results and give entire satisfaction, we give no warranty expressed or implied, as to the quality or productiveness of any bulbs, seeds or plants we send out and will in no instance become responsible for the crop. No complaints entertained unless made within five days after receipt of goods. This catalogue cancels all former quotations.

PARTIAL VIEW OF TRIAL GROUNDS AT OUR LONG ISLAND FARM

Gladiolus From Our Long Island Farm

NEW GLADIOLUS "FORTUNA"

WE are sure that the importance of Gladiolus justifies the time and care we are devoting to their culture for they are by far the country's most popular summer flowers.

We are particularly concerned in the development of varieties showing promise of exceptional commercial value and have much satisfaction in the knowledge that we have helped materially in the introduction and popularizing of "Maiden's Blush," "Souvenir," "Early Sunrise" and other most acceptable additions to the list of leading commercial kinds.

We have others of equal promise coming along and we ask "The Trade" to make trial plantings of the novelties we are offering on this page with the assurance that each one has an added value either in color, form, size or earliness.

REMEMBER—We guarantee all of our Gladiolus bulbs to be one hundred per cent true to name.

	Per Doz.	Per 100	Per 1,000
CATHARINA. A combination of lavender and lilac colors, with violet throat. With the present demand for light blue Gladiolus, "Catharina" is selling well and is becoming popular.....	\$ 1.10	\$ 7.50	\$60.00
DEUTSCHLAND. Shell pink, slightly darker than America. A well formed spike showing as many as eight perfect flowers open at the same time. A very fine variety.....	.90	6.00	50.00
FLAMING SWORD. The outstanding new European red. Flowers in single row formation with six and more open together. Color is soft red. This variety has great commercial promise. Early.	4.50	30.00	
FORTUNA. Pure sulphur yellow with no markings whatever. Very large and tall with flowers in good double formation.....	12.00	80.00	
ISIS. This is the red Baron Hulot. Has five and six flowers open together. Stands up well and makes a good showing. Color cardinal red.....	3.50	22.00	
LENA GRAETZ. This variety is now considered as the leading commercial white. It has all of the qualities demanded of a first class Gladiolus, being a free bloomer, sturdy and healthy grower and producing well formed spikes of pure white with very slight throat markings. We have the largest stock in the country.....		Sold out	
MRS. VAN RAPPARD. Deep lavender pink with striking maroon and yellow blotch on one lower petal. Much admired by all who see it.....	7.50	50.00	
OISEAU BLEU (Blue Bird). Now called "Duchess of York." The finest new blue.....	3.50	25.00	200.00
ORANGE QUEEN. Orange yellow with small red stripe on lower petals, and a color not heretofore existing in Gladiolus. Winged shaped flowers with slight hood. Highly regarded in Europe where it was awarded first class certificate.....	3.50	25.00	
PHENOMENAL. Ruffled shrimp pink with a lower petal of clear yellow that makes a beautiful color combination.....	11.00	75.00	
PUREST OF ALL. This is the greatest show Gladiolus. Purest paper white and very large flowers, and much better form than other recent new whites from Europe.....	15.00	100.00	
ROSE PRECOSE. Solid shell pink and a very pleasing color. A tall, sturdy grower like Schwaben. Good formation.....	1.50	10.00	
VALUTA. Medium size flower of beautiful velvet texture. Color is crimson purple and much like the Jack Rose.....	1.75	12.00	100.00
VESUVIUS. Deep, glowing scarlet of splendid form. Medium height. The flowers are large and stand wide open. We know of no better red....	1.50	10.00	80.00
WHITE CITY. Tall, sturdy flower and likely one of the largest pure white Gladioli in existence. Some of the spikes have a tendency to throw the flowers two ways, but this is not objectionable when spikes are grouped. Very fine for decorating or making up pieces where large white flowers are required.....	1.10	7.50	60.00

Four Leading Forcing Varieties

GLADIOLUS "MAIDEN'S BLUSH"

MAIDEN'S BLUSH

In featuring this wonderful variety, we feel that we are offering to the trade the best money-making forcing Gladiolus in existence. With its beautiful enchantress pink color, extreme earliness and high percentage of flowers (large first size bulbs will average nearly two flowers each), it combines all that can be desired in any Gladiolus. We guarantee our stock 100 per cent true to name.

1½ to 2 inches.....	\$.50	\$3.00	\$25.00
1¼ to 1½ inch.....	.40	2.50	20.00

EARLY SUNRISE

This is one of the very earliest of the large flowering Gladiolus. It makes a large, heavy spike and the flowers have brought the highest prices. The color is flame red overlaid with a silver sheen.

1½" and up.....	\$.90	\$5.50	\$45.00
1¼" to 1½".....	.65	4.25	35.00

SOUVENIR

Another Primulinus of the Grandiflora type that has been highly praised by all who have seen or grown it. Flowers are pure canary yellow and the spikes are tall and graceful with the flowers well spaced. As a forcing yellow it is without an equal and for outdoors it is also very valuable.

Leading European florists were quick to recognize the value of this variety and it is now the leading yellow with them. When cut the flowers open up well in water and retain their color.

JERSEY'S BEAUTY

The Sensational Dahlia of a Decade.
A Grand Color, a Beauty for Cutting.
A Real Dahlia for Florists.

This wonderful flower, introduced in 1923, created a sensation, and still heads a class of its own. It is a large, perfectly formed flower, of a clear crosine pink, held upright on a long wiry stem over a well-branched bushy plant. It is a real clear florist's color, a wonderful keeper and good shipper. The awards it has gained all over the country surpass, in number, all past records of Dahlia Novelties.

GERMAN IRIS

We have been paying special attention to these beautiful bulbous plants and have now developed nice stocks in several fine varieties covering the usual range of colors. The flowers attracted much favorable comment wherever shown by us last summer and we are sure that florists will not go wrong in making a planting, for their gracefulness permits of lighter decorations than possible with Gladiolus. Many of the varieties produce three and four flowers to each bulb, thus reducing the cost per flower to a nominal sum. We are considered as American headquarters for Montbretias.

HARDY LILIES

In possibly no class of bulbs is as much interest being shown as in the beautiful hardy lilies and real efforts are being made in the various producing centers to develop stocks that have been available heretofore only in limited quantities. We are offering some of the most popular kinds and our large volume of trade enables us to make very reasonable prices.

LILIUM REGALE (Myriophyllum)

White trumpet with pink and colored stripes on lower petals and very fragrant. A supply of these bulbs at a reasonable price has been awaited for many years and we are now glad to have a stock sufficiently large to enable us to make a general offer. The beauty of this variety is well known and it stands unequalled among those that will thrive in this country. The bulbs we offer are good flowering size, measuring from four to six inches in circumference and we suggest that the bulbs be left undisturbed for several years as they will enlarge annually and throw much larger flower heads.

AMARYLLIS, GIANT HYBRID

GIANT HYBRID AMARYLLIS (Hippeastrum)

A re-selected strain of the very largest flowered sorts, ranging in color from almost pure white, through various shades of pink, to the deepest scarlet, some with beautiful markings and mottled throats.

An easily-grown plant of wondrous beauty; a quick seller to those who love an unusual and attractive pot plant for the living room or sun parlor. Makes a charming and lasting cut flower.

Large Bulbs: Doz. \$4.00; 100, \$30.00; 1,000, \$250.00.

AMARYLLIS EQUESTRE Hippeastrum)

A free flowering flame red variety that is much admired by all. Makes a fine pot plant and is very valuable for outside planting in the South, where it propagates freely.

We Have a Good Supply of Begonias and Gloxinias for This Season

FANCY LEAVED CALADIUMS

Florida has made wonderful progress in the production of these beautiful foliage plants and the availability of the bulbs in substantial quantities at most reasonable prices is appreciated by the trade for it is aware of the many valuable uses to which the plants can be put. While the former scarceness of the stock limited its use practically to conservatory and florist summer window decoration, it can now be used extensively for bedding and window boxes and there is not a more worthy subject for the purpose. In addition to our own stock in Florida, we are offering the product of several of the leading specialists.

FANCY LEAVED CALADIUMS IN CHOICEST NAMED VARIETIES

A collection of the finest varieties combining only the most desirable shades. We know that there is no better assortment in the country. Bulbs range from 1" to 1½", depending upon variety. Names and descriptions of varieties upon request.

CALADIUMS

(Elephant's Ears)

There is always a popular demand for these highly decorative tropical plants and florists should arrange to have a good supply already started in pots for summer bedding. These bulbs also are quick sellers for store trade. Our stock is clean, healthy and carefully graded. It is well to order early as the larger sizes are usually exhausted early in the planting season.

Tuberous Rooted Begonias

With a dependable supply of satisfactory stock now being produced in California, these bulbs are once again assuming their old popularity. In addition to making a very fine pot plant, they are most beautiful for outdoor bedding especially in semi-shaded locations. For an early showing it is desirable to start the bulbs under glass before planting, but they will come along nicely a little later in the season if planted in a dormant state.

LILY OF THE VALLEY

For Florists' Forcing

LILY OF THE VALLEY—"NEWPORT" BRAND

We are aware that the only basis for the building up of a volume business in Lily of the Valley is the supplying of the finest pips obtainable and with this thought ever in mind we have consistently instructed our European office to pack nothing but the best. When the shipping of the present crop was completed they wrote us as follows: "You will find none better and few as good arriving in your country as what we are shipping to you."

For forcing during the different seasons, we have selected the types best adapted and will make shipment accordingly unless otherwise specified.

We Are One of the Largest Handlers of Tuberoses

TUBEROSES

Tuberoses are somewhat higher in price this season. This is attributable to the severe drought experienced during the growing season in North Carolina where these bulbs are produced. While our usual supply is somewhat reduced, we still have limited quantities to offer. Tuberoses are among the best known of our summer bulbous flowers.

ARUM CORNUTUM

(Monarch of the East)

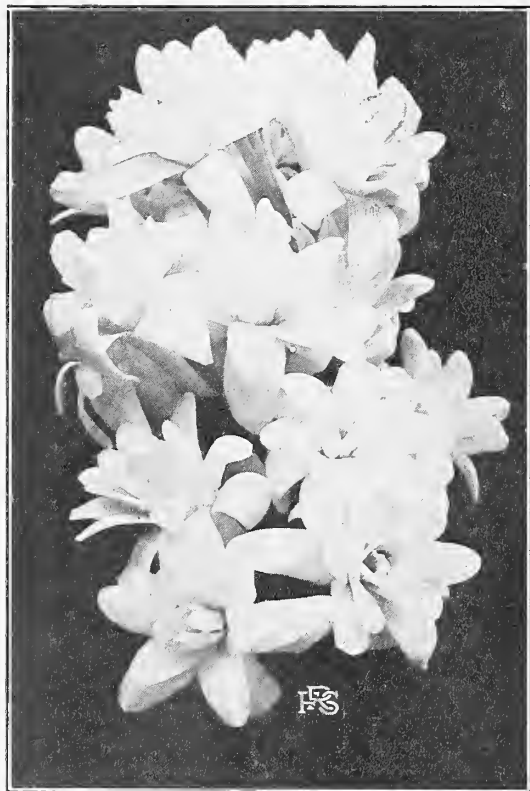

This unique bulb was becoming very popular when the embargo went into effect. In a dry state it will, in any ordinary living room temperature, throw up an odd growth of mottled gray foliage and stalk with a resemblance of flower. This is accomplished without planting. The same bulb can then be put outdoors when the weather warms up and will produce a beautiful green foliage plant.

PEONIES

We are growing a nice block of Peonies on our Long Island farm and the plants look particularly well this season after very favorable growing weather. No flowers are cut from this stock and thus the full strength of the plants is reflected in the roots we send out.

We list below the most important kinds of which we have good quantities but we are also growing many other kinds that will be quoted upon application.
